Catering With A Purpose

Overview of CENTER TABLE, Catering with a Purpose

CENTER TABLE, Catering with a Purpose is a catering and culinary training component of Brighton Recovery Center for Women to help individuals achieve self-sufficiency. The Brighton Recovery Center for Women (BRC), located in Florence, Kentucky, is a program department of Brighton Center, Inc. and is a part of the State's Recovery Kentucky Initiative to help end chronic homelessness and combat substance abuse. CENTER TABLE provides BRC with unrestricted income to help support the operational budget and enhances the ability to serve eligible populations in the future.

How Center Table, Catering with a Purpose Works

CENTER TABLE's catering and training program provides residents in Phases I and II of the Brighton Recovery Program with educational training and life skills, as well as food service curriculum in order to gain work in the food service industry after completion. Residents in the training program can begin upon completion of Phase I of the recovery component. The culinary training curriculum provides a full understanding of the food service industry, is designed for hands-on training, and includes food preparation and classroom participation totaling 34 hours a week for 6 – 10 weeks.

About Our Garden

We only use fresh produce at CENTER TABLE, which is grown in our very own backyard. During the growing season, we harvest all of our own fruits and vegetables from our 50x50 garden and five raised beds.

Eco-Friendly

We strive to be environmentally conscious. We use green products whenever possible and compost most of our kitchen waste on a daily basis. Our eco-friendly practices allow us to utilize all of our resources from garden to plate. GO GREEN!
