(JSFG)**

Hope, Help & Healing
for the unemployed

25 years serving over 13,000

Unemployment is tough...

...it's an emotional roller coaster ...it harms self-esteem ...it's confusing and frustrating
It's also be a time for self-discovery - for resurrecting dreams - for finding Purposeful Employment

As the largest, longest running job search support group in America, JSFG provides weekly advice, resources, connections to employers, and a positive environment for job seekers to find their way.

JSFG graduates have said:

"I can honestly say I used a piece of everything at some point. From the Strength workshops, through the resume writing workshops, to networking, and ending using what I learned in the negotiation workshops"

"JSFG is a great group of folks who provide encouragement and tools to help in a process that can be daunting and discouraging"

"This is truly a special group and a blessing to have in Cincinnati. God Bless You!"

"What impressed me was the emphasis on helping others: people from the Job Search Focus Group reached out time and again to help me, encourage me, or give me a lead on a company or a job posting. You can pay someone to help you polish a resume but you can't pay someone to give a dang about you"
