## About Castellini

Founded in 1896 on the original Cincinnati produce terminal market, Castellini Company is one of the oldest members in the produce industry. Our visionary growth and expansion forming the Castellini Group of Companies is based on supplying the freshest and safest produce to the food service and retail industries. Our mission is to provide the safest, highest quality and most efficient distribution of fresh fruits and vegetables and value added services, by continually exceeding our customer's expectations through our people, continuous improvement, innovation and technology. In executing our mission, we will comply with all applicable Federal, State, and Local regulations.
